

WMI & Associates Land Development & Infrastructure Engineering

CLIENT BASED SERVICE

WMI is a proud member of the service industry. Our goal is to provide exceptional service to exceptional clients.

ENGINEERED SOLUTIONS

Simple to complex. WMI provides solid engineering solutions for a wide variety of development related issues.

PROFESSIONAL PRACTICE

WMI is licensed by Professional Engineers Ontario and authorized to provide professional engineering services and designated as a Consulting Engineer.

North Barrie Crossing

Barrie, Ontario

North Barrie Crossing is a Penady (Barrie) Ltd. mixed use development project located on Cundles Street near Duckworth Street and Highway 400 in the City of Barrie. This development is comprised of a regional shopping centre and condominiums. North Barrie Crossing will serve one of the fastest growing cities in our nation, with name brand retailers, banking institutions and restaurants as confirmed tenants.

WMI prepared site servicing and grading designs and obtained approvals from the City of Barrie, the Ministry of Transportation and the Ministry of the Environment. Major earthworks were completed in 2012-2013 and site servicing is scheduled to commence in 2014.
